Greg Magnuson, Superintendent
Buena Park School District
6885 Orangethorpe Ave
Buena Park, California 90620-1348

Dear Superintendent Magnuson:

I am pleased to send my warmest greetings as you launch the digital program, "Footsteps2Brilliance," in Buena Park. This innovative program will give preschoolers access to technology and literacy to better prepare for kindergarten.

I commend Buena Park School District's commitment to provide innovative tools for young learners. The bilingual eBooks and educational games provided by the "Footsteps2Brilliance" program will help ensure that students start school ready to learn. I applaud the dedication and hard work of the entire community involved in this project.

You can truly be proud of your dedication to improve the learning opportunities of the students of Buena Park.

Sincerely,

Barbara Boxer
United States Senator
