

FOOTSTEPS2BRILLIANCE® ACCELERATES STUDENTS BEYOND THE KINDERGARTEN BENCHMARK AT MANASSAS CITY PUBLIC SCHOOLS

During the 2015-16 school year, Manassas City Public Schools (MCPS) launched an innovative, blended model of traditional classroom instruction and at-home parent guided learning to service more preschool children. Through a partnership with Footsteps2Brilliance®, MCPS provided all children and families with high quality learning whether or not there was physical capacity to bring them into the preschool classroom full-time. ***This study examined the PALS™ assessment Fall 2016 results for 453 participating students and concluded that 96% of students who used Footsteps2Brilliance® for 45+ minutes/week achieved 235% of the PALS Kindergarten benchmark*.***

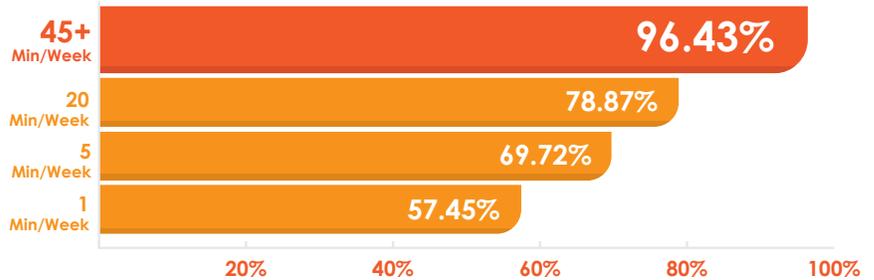

68 PALS Points

Students using
Footsteps2Brilliance
45+ min/week achieved
235%
of the PALS Kindergarten
Benchmark.

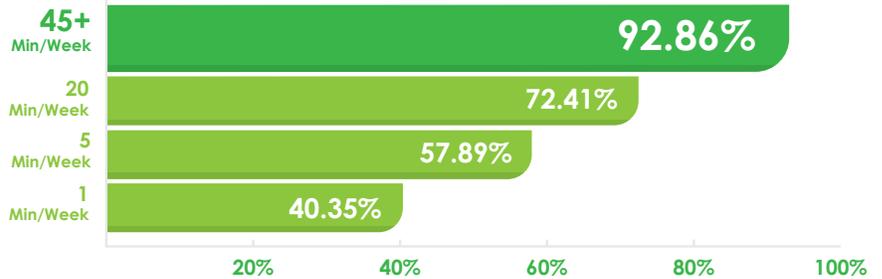

29 PALS Points

Students who score
29 Points meet PALS
Kindergarten
Benchmark.

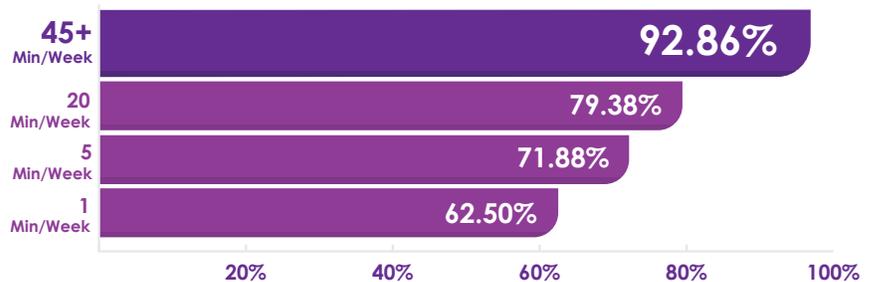

CHILDREN WHO MET OR EXCEEDED THE KINDERGARTEN BENCHMARK (n=453)

ECONOMICALLY DISADVANTAGED CHILDREN WHO MET OR EXCEEDED THE KINDERGARTEN BENCHMARK (n=312)
